

Our Commitment

At **Able Computer Services, Inc.**, we understand that you're in business to make money, not to worry about your computer and telephone equipment. Computers and telephones are supposed to make your business run smoothly and more efficiently and if any of your systems are down, you need immediate attention, not excuses. We'll be there for you when you need us with reliable and professional service. We'll make your priorities our priorities. Even if you have a computer staff at your corporate offices we can be their eyes and hands at your location thus giving you more time to focus on your business. We offer a full line of parts and supplies and can provide loaner equipment when necessary.

Able Computer Services, Inc. is a total solution provider. We look for products and vendors that offer reliable, high quality products that are easy to use and will be around for the long haul. We are an authorized reseller and/or solution provider for specific vendors that have proven to us to be the "best of breed" in each category. This means products that are technically superior, affordable, integrate well with other products and are readily available. We offer these products to our customers because our focus is on reliability which means less downtime and better productivity for you and your staff.

Able Computer Services, Inc. is the **one** number to call for all your business needs!
