

i270 Desktop System

Powered by the Intel® Pentium® 4 Processor with HT Technology, the i270 Pro delivers the speed and responsiveness that today's business applications demand.

Equus recommends Microsoft® Windows® XP Professional

Nobilis® i270 Pro Desktop

Built around the Intel Desktop Board D915GAV, standard features include the Intel Graphics Media Accelerator 900 integrated graphic engine, a PCI Express x 16 graphic card upgrade slot, two PCI Express x 1 and four PCI slots for peripheral upgrades and Intel High-Definition 6-channel audio. Storage options include four SATA ports and one IDE channel. Connectivity is effortless with the Intel PRO 10/100 integrated LAN controller.

With options that feature the latest peripheral and storage technologies, this system can be tuned to meet the performance needs of the most advanced desktop computing applications.

The thermally optimized chassis (black or beige) coupled with user configurable Intel Precision Cooling Technology insures quiet, dependable operation for the life of the system.

Fast, responsive and fully configurable, the i270 is the latest addition to the Nobilis Pro family of performance desktop computers.

PROCESSOR	Intel Pentium 4 Processor with HT Technology
OP/SYS	Microsoft Windows XP
FSB SPEED	800 MHz / 533 MHz
CPU SPEED	520 Sequence up to 560 (3.6 GHz, 1MB L2 800MHz FSB max.)
