

i272 Desktop System

The i272 is a full featured mainstream desktop employing the latest processor, memory and LAN technology.

Equus recommends Microsoft® Windows® XP Professional.

Nobilis® i272 Desktop

Featuring Microsoft® Windows® XP Professional Edition and the Intel® 915G chipset, the i272 is a versatile desktop platform supporting the latest memory technology.

Built around the Intel Desktop Board D915GEVLK, standard features include the Intel Graphics Media Accelerator 900 graphic engine, a PCI Express x 16 upgrade slot, four PCI and two PCI Express x 1 expansion slots.

Other features include integrated 6-channel High Definition Audio, Integrated Gigabit LAN, four Serial ATA ports and support for two ATA IDE devices.

Capable and configurable, the i272 is a powerful general application PC.
