

i481 Desktop System

The Nobilis i481 delivers the advanced computing power of the Intel® Pentium® 4 processor with Hyper-Threading Technology on a performance desktop designed for power users and high-end gamers.

Equus recommends Microsoft® Windows® XP Professional.

Nobilis® i481 Desktop

Built on the Intel Desktop Board D925XECV2, the i481 is a true desktop performer.

Incorporating the latest generation PCI Express x 16 graphic cards, Intel's new Matrix Storage Technology (Raid 0/1 configurations) and High-Definition audio, this desktop is ready for the latest gaming and multimedia applications.

Storage options support the latest SATA technology while four PCI and two PCI Express x 1 slots allow plenty of expansion headroom.

Fast, responsive and fully configurable, the i481 is the latest addition to the Nobilis family of performance desktop computers.
